## Company Background

ESP is a sector leading environmental consultancy and training provider. We offer practical and innovative system solutions to a variety of business sectors. Our consultants deliver innovative solutions for business and government clients, assisting them in managing and mitigating their resource use and related risks.

Our core services are;

- Environmental Management Systems (ISO 14001, EMAS)
- Environmental Auditing
- Environmental Sustainability Training
- Landscape Planning, including Landscape & Visual Impact Assessment
- Mineral Planning, including working and restoration design
- Expert witness

Our work has won our clients European and National recognition for excellence in environmental sustainability, from the European Commission to the Sunday Times. Our consultants have provided expert technical advice to both the United Kingdom Government and the European Commission.

## About our Landscape Department

ESP is looking for a talented individuals to help us grow in all of our market sectors. You will join a small team of experts within our landscape department specialising in projects for the minerals industry, large infrastructure projects and landscape planning.

During your time with ESP you can expect to:

- Carry out Landscape & Visual Impact Assessments within the minerals industry and for proposed large infrastructure developments;
- Prepare consultation responses for Local Planning Authorities regarding Planning Applications and Pre-Application advice;
- Accurately prepare and present detailed landscape schemes;
- Provide Expert Witness support relating to Landscape and Visual effects;
- Attend commercial networking, trade events, meetings and site visits when required.

## Term

We are looking to employ an experienced chartered landscape architect from mid-2016 to join our team on a permanent basis on either a full-time or part-time basis.

## Person Specification

We are looking for someone who meets the following person specification:

- Is a Chartered Member of the Landscape Institute or a Licentiate member working towards Chartership in the Design Division;
- Has a working knowledge of local government in relation to landscape planning and policy;
- Has experience acting as an Expert Witness.
- Communicates well and is willing to integrate into the team at ESP;
- Experience of preparing LVIAs;
- Someone who presents themselves well to clients;
- Willing to travel to our offices in Wolverhampton to work;
- Has a UK driving licence and access to a vehicle.

## Remuneration

ESP will provide a competitive salary (experience based) paid monthly in arrears, subject to regular review.

Additional expenses occurred directly during your work will also be covered subject to prior agreement. Any additional mileage outside of your daily commute during your work placement will be paid at £.45ppm subject to approval.

The Company subscribes to a NEST pension and healthcare insurance is also available.

## How to apply

Please send a CV, covering letter and work samples via email, referencing 'Landscape Architect Application':

Keith Hampshire (BA Dip. LA CMLI)	Keith.hampshire@esp.uk.net
-----------------------------------	----------------------------

Keith Hampshire (BA Dip. LA CMLI) has gained extensive experience in various aspects of landscape planning and environmental assessment over the past 27 years. For the 12 years he has been Landscape Director of ESP Ltd, an independent, multi-disciplinary consultancy undertaking Landscape Planning and Design, Estate Management, Environmental Impact Assessment and Environmental Management for the public and private sectors.

Andrew Fletcher is one of the founders of ESP, a Chartered Surveyor, Chartered Environmentalist, registered environmental auditor and trained quality auditor. He has provided expert opinion to the European Commission on the Public Sector implementation of Eco management and Audit scheme (EMAS). He also has a NEBOSH General Certificate in Occupational Safety and Health (with Credit). He works extensively in many different organisations from Blue Chip to SME's. He is also a Lead Trainer for IEMA accredited Internal Environmental Auditor Course. He has developed stand alone, aligned and integrated EMS/QMS/H&S systems. He was the first trainer to deliver Level 2 in Working with Environmental Sustainability in the UK.
